

OnlyCoin Whitepaper

=====

****Version 1.0****

****Date:** June 2025**

****Chain:** Binance Smart Chain (BEP-20)**

Executive Summary

OnlyCoin is a next-generation meme-driven token that fuses elements from top crypto projects like Dogecoin, Shiba Inu, Solana, Chainlink, and Uniswap. It delivers a blend of virality, utility, and transparency built for Web3.

Token Overview

- Token Name: OnlyCoin
- Symbol: OnlyCoin
- Total Supply: 1,000,000
- Blockchain: Binance Smart Chain
- Contract Address: 0xC0912c990fe376Bc74776b79BAf28456dAdDC055

Utility

- Tipping and microtransactions

- Staking and governance
- NFT integration
- Trading via DEX and future CEX

Team

- Pseudonymous team inspired by the model used by Shiba Inu
- Community governance by token holders

Roadmap

- Q2 2025: Launch & LP locked on PancakeSwap
- Q3 2025: Listings and social growth
- Q4 2025: Creator tools, NFT features, DAO

Security

- Smart contract verified on BscScan
- Liquidity locked until September 2025
- Community-led audits

Conclusion

OnlyCoin is not just another meme coin - it's a creator-focused, Web3-native asset built for longevity.
