

OnlyCoin Whitepaper

Chain: Binance Smart Chain (BEP-20)

Contract: 0xC0912c990fe376Bc74776b79BAf28456dAdDC055

Executive Summary

OnlyCoin is a meme-powered utility token with real utility across gaming, NFTs, and Web3 interactions. It underpins the evolving platform **OnlyKombat** a blockchain-powered fighting game and communication hub. Designed for simplicity and purpose, OnlyCoin brings fun, decentralization, and powerful mechanics together under one token.

Token Overview

- **Name:** OnlyCoin
 - **Symbol:** OnlyCoin
 - **Type:** BEP-20
 - **Total Supply:** 21,000,000 ONLY
 - **Locked Supply:** 66.33% (until **Sept 7, 2025**)
 - **Ownership:** Dr. PampersMuffin
 - **Liquidity:** Permanently locked via Mudra
 - **Audit:** Community audit complete; external audit scheduled
-

Core Utilities

- **Play-to-Earn Mechanics:** Use OnlyCoin to enter fights, tournaments, and battles in **OnlyKombat**
 - **NFT Minting & Upgrades:** Burn OnlyCoin to mint exclusive fighter NFTs, arenas, and upgrade gear
 - **Swapping:** Use our **OnlySwap** platform for direct token swaps—faster and more intuitive than PancakeSwap
 - **Community DAO (Upcoming):** Token holders will govern gameplay changes, character releases, and platform updates
 - **Future Wallet Features:** On-chain transfers and wallet-to-wallet interactions built into the platform (zero fees in roadmap)
-

OnlyKombat Platform

OnlyKombat is not just a game—it's the foundation of OnlyCoin's Layer 2-style ecosystem. Built with retro-pixel art and inspired by Mortal Kombat, OnlyKombat introduces:

- 1v1 and PvE fight modes
- Fighter NFTs with upgradable attributes
- Burning-based scarcity system
- Marketplace for character trading
- Online arena with matchmaking
- Future: Open-world expansion, treasure hunts, token quests

Just like Minecraft or Roblox, OnlyKombat will continuously evolve. New arenas, enemy types, boss fights, and partner integrations will be added over time.

OnlySwap vs PancakeSwap

Feature	PancakeSwap	OnlySwap
Custom UI	Generic	Game-styled, themed
Speed	Standard	Instantaneous
MetaMask Support	✓	✓ (mobile optimized)
Token Integration	Manual	Native OnlyCoin support
Gas Optimization	Moderate	Minimalized for BNB

Roadmap

Q2 2025

- ✓ Token launch
- ✓ Liquidity creation
- ✓ Website live
- ✓ Lock LP (Mudra)
- ✓ OnlySwap deployed

Q3 2025

- CoinGecko & DEXTools listing
- NFT minting system (OnlyMemes)
- Fighter NFT deployment
- Begin OnlyKombat beta testing
- Community marketing & contests

Q4 2025 - 2026

- Launch OnlyKombat full game
 - Partner arenas and boss events
 - Zero-fee wallet-to-wallet feature
 - Governance voting
 - Mobile dApp optimization
-

Security & Transparency

-  Contract verified on BscScan
 -  Liquidity locked until **September 7, 2025**
 -  Ownership renounced
 -  GitHub code published
 -  Team KYC & audit submission in progress
-

Final Note

OnlyCoin is more than a meme. It is the financial layer of a fully interactive, on-chain experience through **OnlyKombat** and its evolving ecosystem. With NFTs, real scarcity, community DAO control, and mobile-ready tools—OnlyCoin is here to fight for the future of Web3.
